

# RIDER ECHO BOWIE

Echo Bowie is a 5 piece band. For festivals and shows that supply all PA and lighting equipment, Echo Bowie will travel with 1 or 2 extra crew (light- and sound engineer).

\* **In case in-ear monitoring is used, 5x transmitter +belt pack will assumed to be part of the PA system and provided by the festival/show's organisation. The band uses its own (in-ear) headphones.**

\*\* Hans and Marcel use vocal processors. Hans uses a Boss VE20 for mod. fx. **2x XLR mono: dry and wet signal.** Marcel uses a TC Helicon Voicelive II, mainly for doubling fx, a megaphone fx & delay. **2x XLR: stereo signal.** Reverb fx should be added by FOH.

Setup	
1	Kick
2	Snare
3	Hi-hat
4	Tom
5	Tom
6	Floor tom
7	OH/ride
8	OH
